Dear Georgia Legislators and Transportation Officials,

As owner of the Top Gear Motor Sports in Athens GA, I employ 12 people and pay approximately \$600,000.00 in salaries each year.

Annually, this business generates \$4,000,000 dollars in overall revenue and \$280,000 dollars in tax revenue for the state of Georgia.

The billboard signs we have are essential to our business. We rely on them to reach both in state and out of state motorists traveling through Georgia and Athens to lead them to our business. The boards not only generate business for us, but also for our local community and state by encouraging travelers to stay overnight and do business with other restaurants and retailers.

If our billboards are blocked by trees, our business suffers. I believe that signs and landscaping can co-exist in a better way than they do now.

Respectfully,

A handwritten signature in black ink, appearing to be "S. J. R.", written in a cursive style.
